My role model

My Role Model – Zhuang Yuanjun

Introduction

庄元军，吉林省临江市六道沟镇中心小学教师。2021年2月23日，**Good qualities** 岗位学雷锋标兵。

Good values

inspirations

Every person has a role model who leaves a lasting impact on their life. For me, that role model is Zhuang Yuanjun, a 60-year-old teacher that has helped over 200 students walk out of remote mountainous areas over the past 37 years. He was named a National Model of Learning from Lei Feng.

Zhuang started his teaching career in 1986 in a primary school in Jilin Province. It was a very small village school with poor infrastructure. From 1986 to 2006, he was the only teacher at the school. Despite all the difficulties, he stayed in the school for 20 years.

Zhuang has a strong sense of responsibility. He lived 18 kilometers from the school. Due to the lack of public transportation, Zhuang had to ride to work by motorcycle every day. He once fell from the motorcycle and hurt his leg, but he didn't take a day off, because he worried about his students' schoolwork.

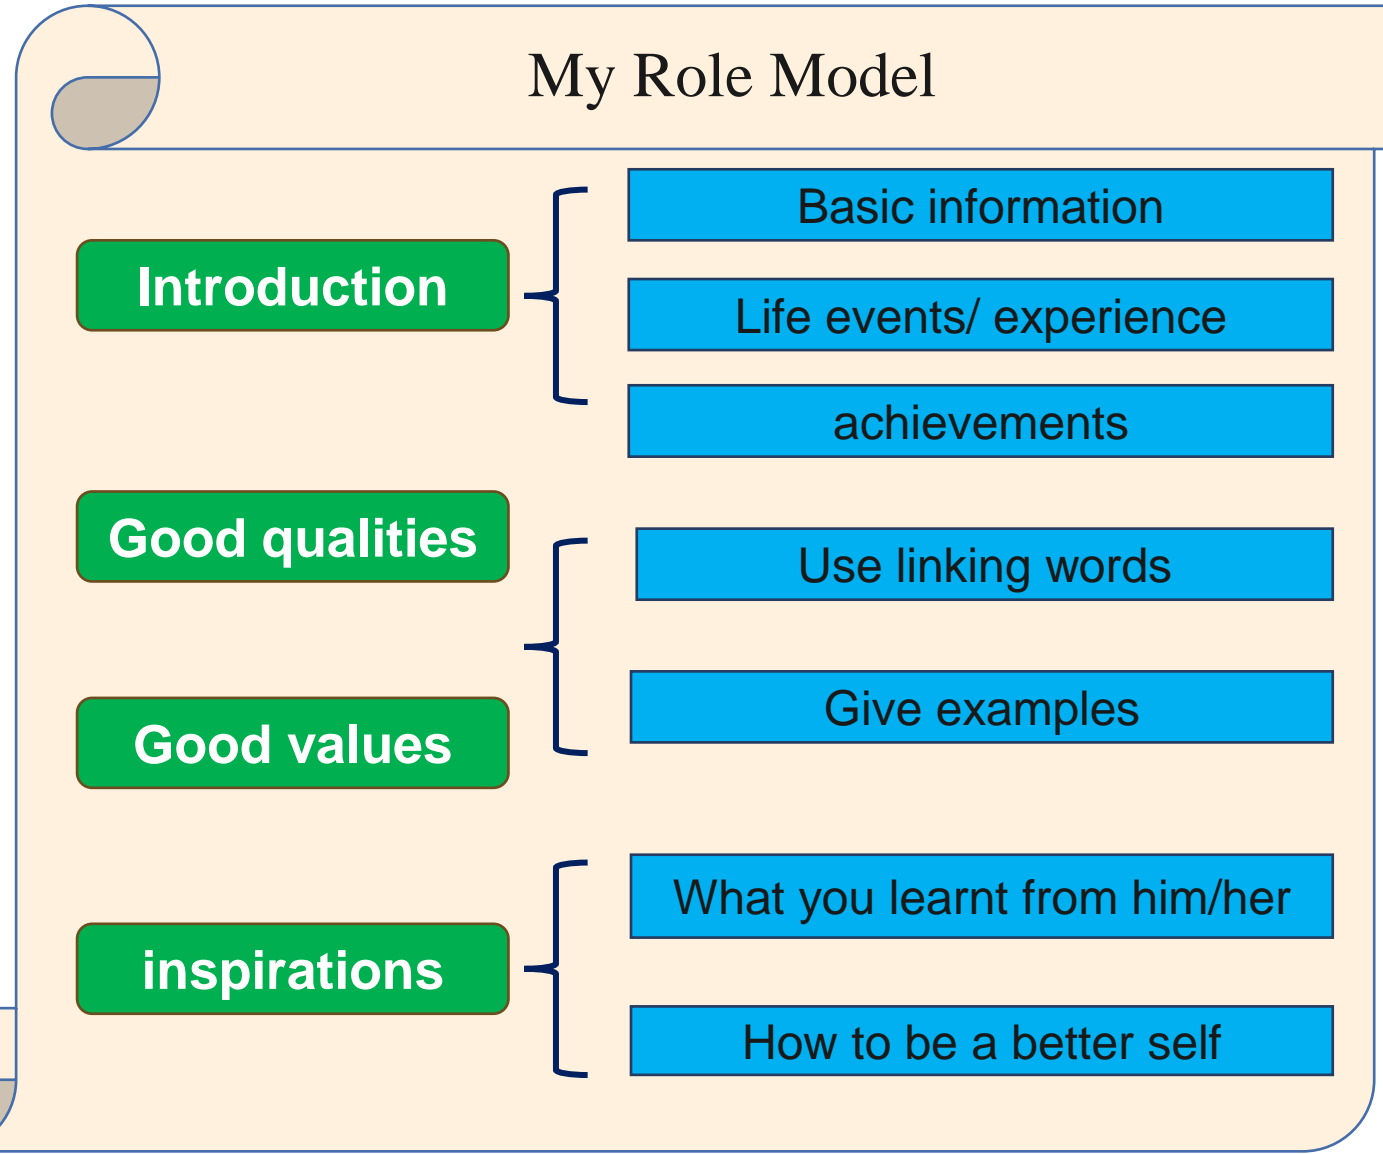

What I admire most about Zhuang is his devotion to his students. he has devoted his life to make sure that every child receives a quality education. He always arrives early and leaves late. After school, He often goes around to visiting students' homes, understanding their needs, and encouraging them to pursue their dreams.

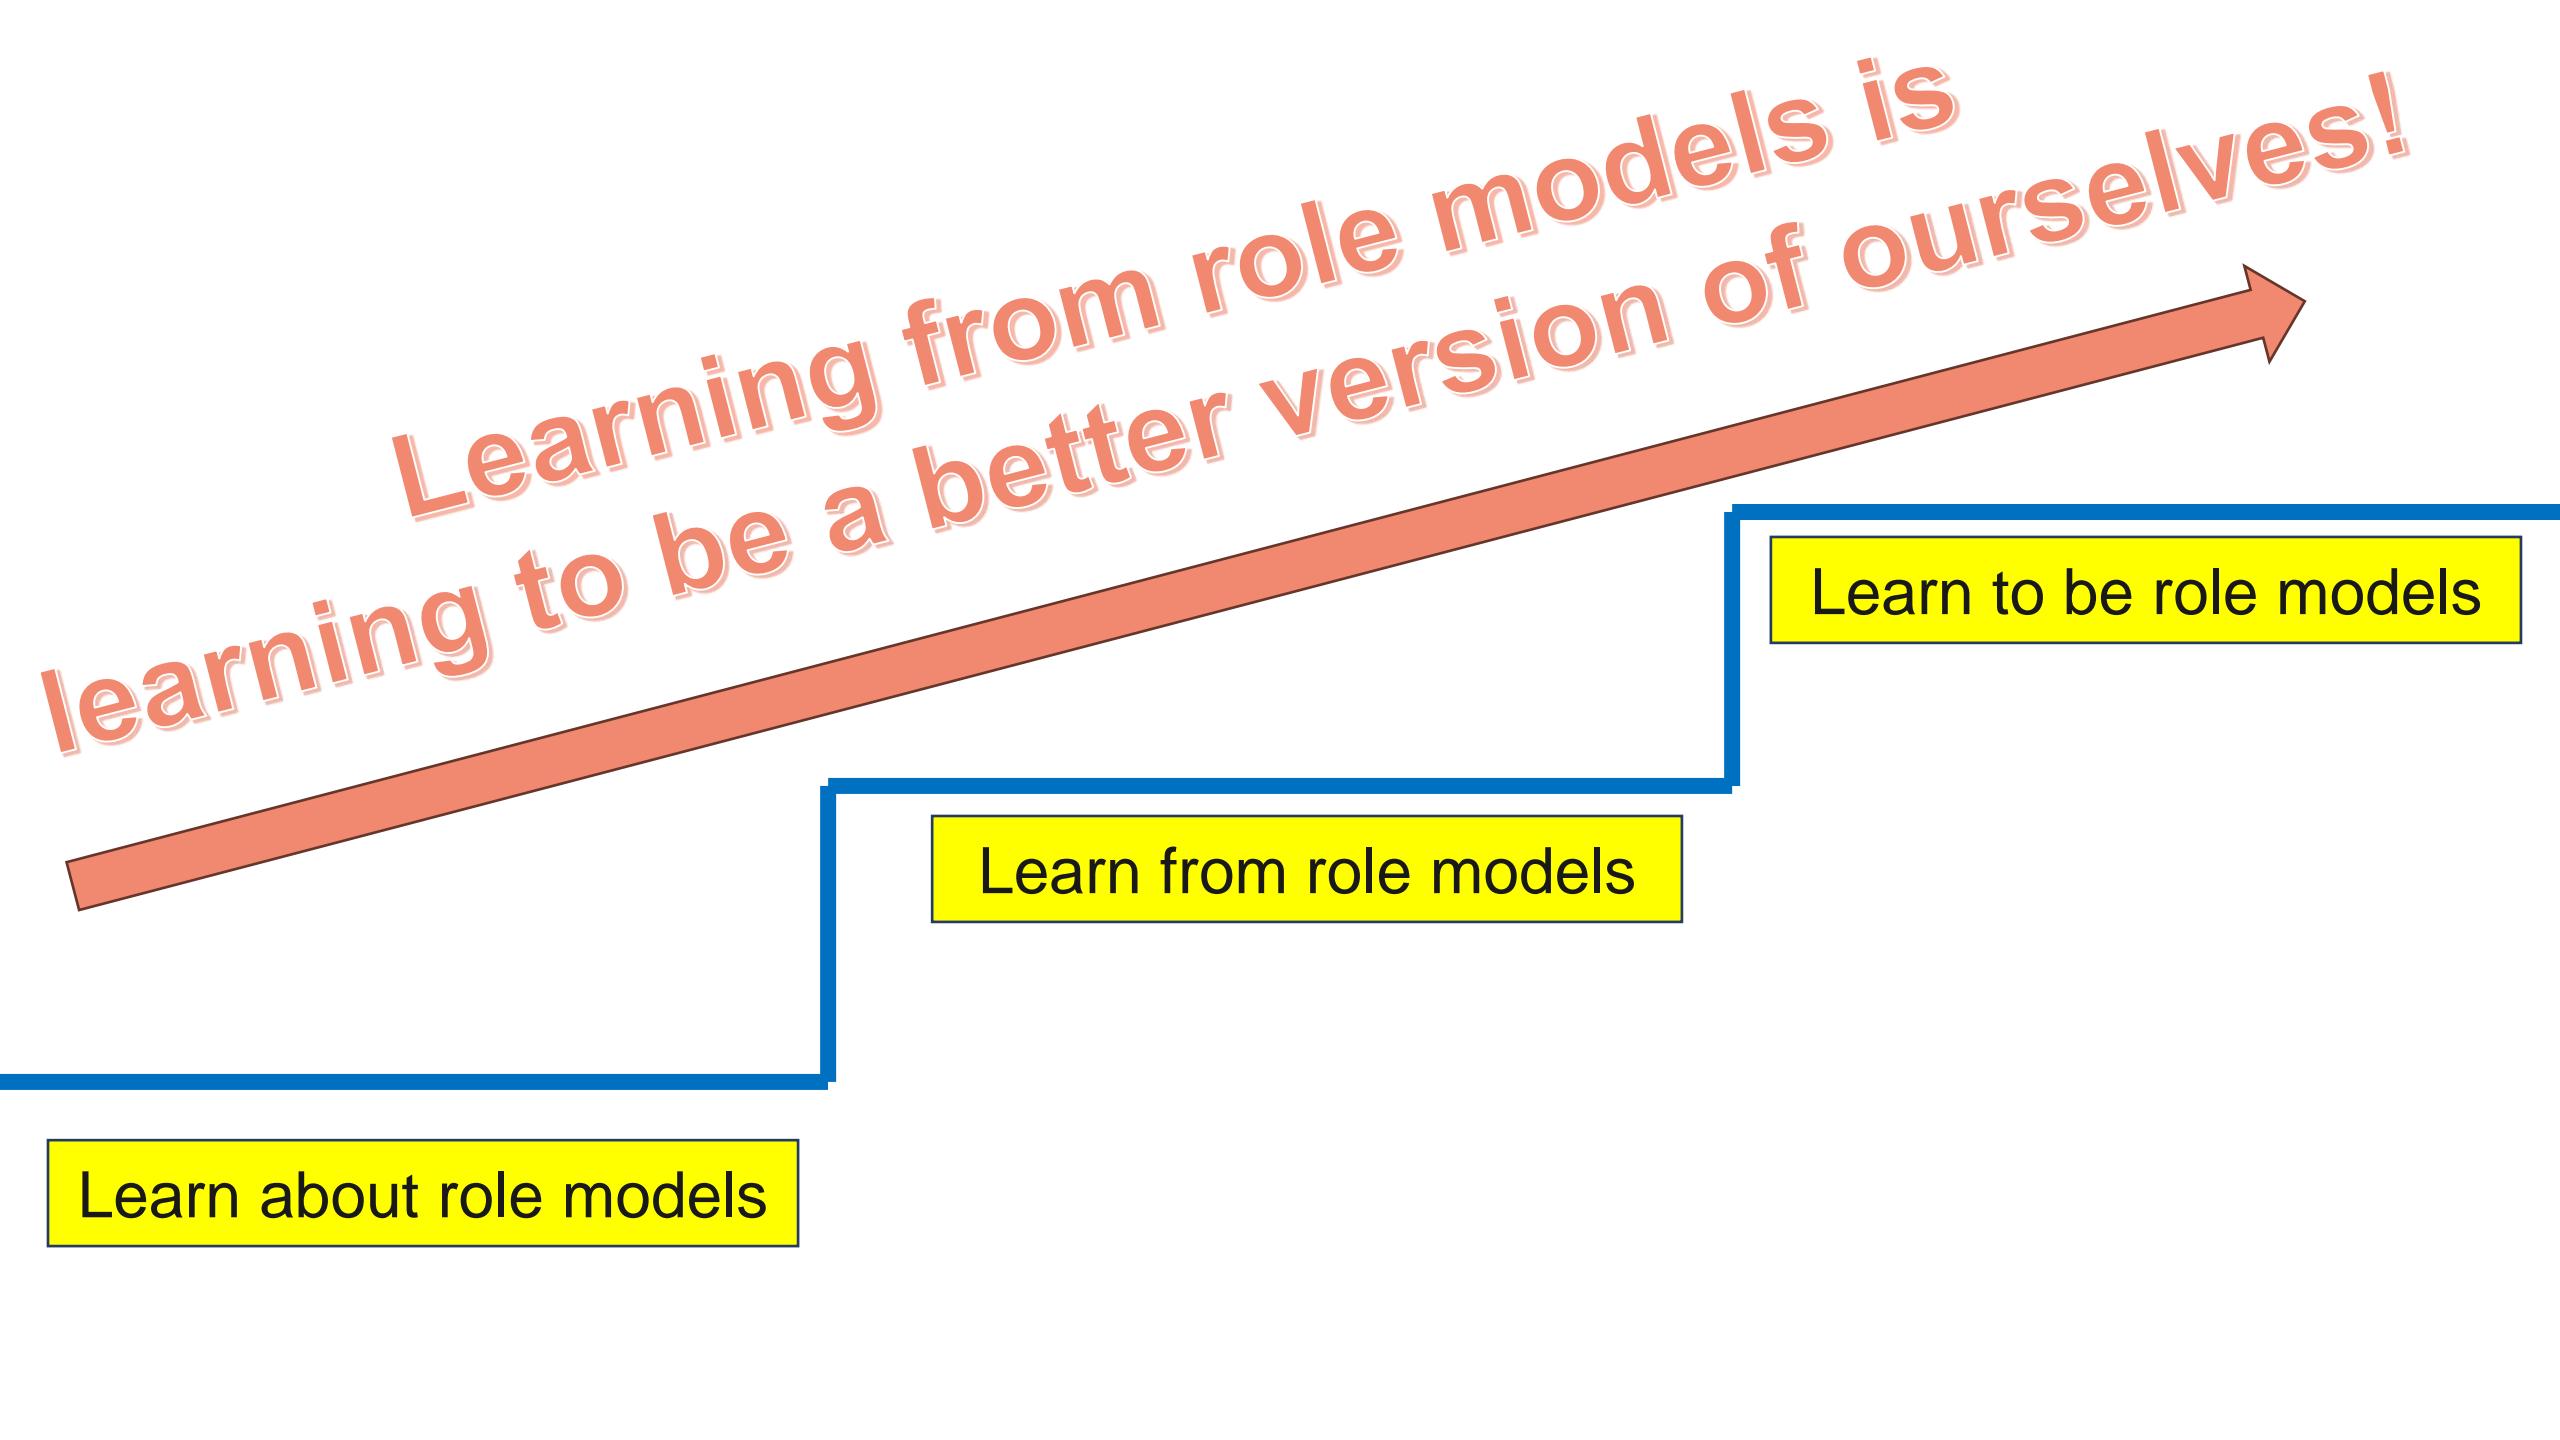

I am grateful to have the chance to learn from Mr. Zhuang. His spirit and devotion to education have inspired me to be a more responsible and devoted teacher in my future teaching career.
