Spring

Spring is bright and lively.

Flowers smiles in the air happily.

Bees are busy working.

Children have fun playing.

Summer

Summer mornings are perfect for enjoying a cup of tea.

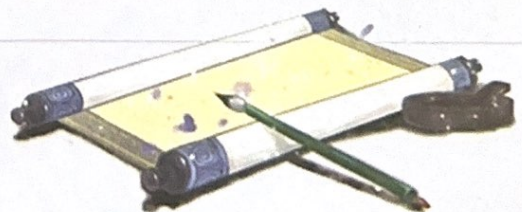

Summer afternoons are wonderful for exploring new things.

Summer evenings are beautiful for listening to the sound of waves crashing.

I always look forward to summer,

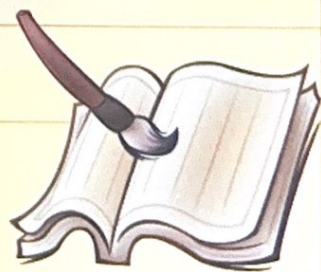

because I can get the happiness in the earthly world.

秋

The days of autumn are hopeful and busy,
Leaves turn brown and fall into piles upon the ground.
It's the best time to harvest crops.
The farmers work happily and the year comes.

Winter

Winter days are coming here,

Trees begin to wait for a new year.

Flowers stop to smile in the air,

Birds can't be seen anywhere.

Snow fall down in the snowy weather,

The whole ground dresses up with a white sweater.
