

Spring

Spring wears a colorful dress

The whole ground is covered with flowers

Bees and butterflies hide from the April showers.

They ~~is~~ play among flowers.

Summer

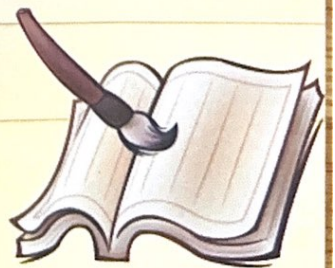

Those innocent memories of summer days,
Are about breeze and sea wave,
kill time in the sun,
Walk on the beach to have fun.

Autumn.

Farmers are busy harvesting crops,
As the day shorter and the temperature drops.
The trees turn red and golden,
Flowers are sleeping in the garden.
The kites in the sky are colourful.
Yellow leaves make the ground look beautiful.

Winter

When the winter is coming.

Plants start sleeping soundly.

Be covered with heavy snow

The whole ground seems to wear a white coat.

Birds fly away to the Neverland,

Anything outside is silent.
